

Regulations for submitting papers in the ACE Journal for CCC 2022 authors

1 General conditions

1. The Organizer of the 13th Central European Congress On Concrete Engineering in Zakopane (CCC 2022 event) is fib Poland while the Operator is infraTEAM Poland.
2. The process of submitting and evaluating papers takes place via the CCC 2022 web portal <https://ccc2022zakopane.pl/en>.
3. ACE Journal (Archives of Civil Engineering) is a quarterly open-access journal of the Polish Academy of Sciences and Warsaw University of Technology. For current citations metrics, check <https://journals.pan.pl/ace>.
4. The processes for submitting a paper for CCC 2022 and an article to the ACE Journal are independent and may take place at different times. However, the publication of an approved article in the ACE Journal will only be possible after the CCC 2022 event.
5. The ACE editors declare publishing no more than 12 articles from CCC 2022 in no more than four consecutive issues of ACE Journal. The first papers can be published no earlier than at the end of 2022.

2 Submission process

1. Submission of abstracts and papers takes place via the CCC 2022 web portal. The Corresponding Author declares his willingness to publish the paper in the ACE Journal during the registration and submission of the abstract during *Call for Abstracts*. The declaration may also be submitted later in the *Call for Papers* time.
2. After completing the reviewing process and admitting papers to be presented, the CCC 2022 Scientific Committee proposes to the author the publication of an article prepared based on the paper in ACE Journal. However, the article's content cannot be a direct translation of the paper.
3. The Organizer of CCC 2022 sends to the editorial office of the ACE Journal a list of proposed articles along with a list of reviewers (members of the CCC 2022 Scientific Committee) assigned to the relevant article and the reviews themselves. The Organizer is obliged to keep these materials confidential.
4. Each author independently submits an article in the dedicated *Editorial System* <https://www.editorialsystem.com/ace>, and its content and format must meet the editorial requirements of the ACE Journal. The requirements are included in the *Guidelines and Template documents* and the guidelines provided by the *Editorial System* at the time of submitting the article.

3 Publication fee

1. The fee for attending the conference and delivering a paper for CCC 2022 and the fee for publishing in the ACE Journal are independent.
2. The price of the publication in the Archives of Civil Engineering will be in line with the price list for the publication of articles in the issue in which they will appear and will be paid by the author after receiving the acceptance letter. For the current fee and other conditions, check <https://ace.il.pw.edu.pl/guidelines-for-authors/>. The fee for issue 4/2022 is EUR 490 + VAT.

4 Final provisions

1. The organizers are not responsible for fees or the publication process in the ACE Journal.
2. The regulations come into force on the day of their publication on the CCC 2022 web portal.
3. The Operator has the right to change the provisions of the regulations. The changes come into force on the day of posting the new regulations on the CCC 2022 web portal.
